

Photography GUIDE

JESSICA ANNE
Photography

Hello!

My name is Jessica! I've been a practicing photographer for seven years and in 2023 made the leap from the corporate scene to pursue photography full-time. I've absolutely fallen in love with capturing the intimate and heartfelt moments of engagements and weddings. My love for documentary-style storytelling through photography has led me to focus on the unique beauty of love stories set against a variety of stunning backdrops.

In 2026, I plan to make Europe my home. In preparation for this exciting new chapter, I'm offering complimentary photography services through 2025 in exchange for travel and accommodations for couples planning a proposal, an elopement or a micro wedding in Europe and select U.S. destinations. This gives me the opportunity to build my portfolio while allowing you to have your special moments documented in a way that's both authentic and timeless.

I believe that every couple has a story worth telling, and my goal is to capture the essence of your connection in a way that feels natural and true to who you are. Whether you're envisioning a styled engagement session on the Italian coastline or an intimate elopement in the Scottish Highlands, I'm here to ensure your day is beautifully captured and cherished for a lifetime.

Let's turn your vision into a reality! *Jessica*

The Process

CONSULT

Don't worry! Together, we'll make sure that we're a good fit before moving forward. We will meet virtually to discuss your vision and timeline. I know that in this situation, trust is a large piece of the puzzle, so we will take the time to align your needs and my capabilities!

ENVISION

Once selected, this is the time for us to nail down the details. We will knock out the nitty gritty (flights, accommodations and transportation), and dream up what you'd like your day to look like. Are we renting a vintage car or taking a boat out on Lake Como? Whether it's a weekend or entire week, let's make it happen!

DELIVER

This is the easy part! Whether we're spending a few days together or just a couple of hours. Your images will be saved and I'll begin working on your sneak peeks that will be delivered within 48 hours. Depending on the type of event we're working together on, you'll receive your final digital gallery within 4 weeks.

What you can count on:

Timeline assistance

Prior to your proposal or elopement, I'm happy to provide timeline recommendations to ensure that we're able to accomplish everything that you want.

You'll receive your entire gallery of edited images

I believe that providing access to all of your final images is important! While I use my discretion to select the best images to edit, I do my best to provide each variation taken during our time together. There are no additional fees to purchase your images.

Natural aesthetic edits are included

My style does not heavily rely on aesthetic editing, but temporary imperfections such as small bruises or blemishes will automatically be included into my editing process unless you'd prefer otherwise. Any additional edits can be requested for select images, likely for an additional fee depending on complexity!

A contract

No matter if we spend the day shooting or an entire week, you'll receive a signed contract ahead of our time together.

IS THIS THE RIGHT CHOICE FOR YOU?

A few things to consider:

Are you currently planning an elopement or engagement in 2025?

Are you open to collaborating on creative ideas and locations for your engagement or elopement photos?

Do you value having candid, intimate, and authentic moments captured on your special day?

Are you comfortable with working with a photographer who may be new to the specific location of your elopement, but brings fresh eye and is dedicated to your unique story?

Do you want to build a relationship with your photographer during the planning process, ensuring your day feels personal and tailored to your vision?

These questions aren't simply a yes or no, they are only to help foster our conversation as you start thinking about what you're looking for and determining if we could be a good fit!

A man in a blue suit and a woman in a white lace dress are dancing in front of a wooden building at dusk. The man is on the left, wearing a blue suit and brown shoes, with his right arm raised holding the woman's hand. The woman is on the right, wearing a white lace dress and white high-heeled sandals, smiling. The background is a wooden building with large windows and a door, illuminated by warm lights. The ground is paved with grey stones.

What's Next?

If we're not already connected, let's get the conversation started via email. If you have questions, which I hope you do, we can pick a time to chat over the phone!
